WELCOME

Welcome to the New Mexico site of Sandia National Laboratories. You are visiting a key US center for science, technology and engineering. To ensure a safe and successful visit, review the information in this brochure and all other information you receive with your visitor badge.

Executive Protocol Office
Protocolinfo@sandia.gov
505-284-8460

Exceptional service in the national interest.
Directions to the visitor center (IPOC) from I-40 interstate:
- From I-40 interstate take exit 164, head south on Eubank and remain on the far-left lane.
- Upon approaching the Eubank Gate take a left on the street light. Follow signs to IPOC.

SAFETY & SECURITY are Sandia’s top Operational Priorities

Security
It is the responsibility of every employee and visitor at Sandia to adhere to all safeguards and security requirements to protect people, information, facilities and materials. Carefully review all security information you receive, including the SEC050 Initial Security Briefing, and any additional briefing information. If you have questions about any of the requirements, contact your host, the Badging Office, or Sandia Security Connection at (505) 845-1321.

Safety
Your safety while visiting Sandia is very important to us. Please follow all safety instructions from your host and observe all traffic and safety directives or warnings from authorized personnel while on Sandia controlled premises or Kirtland Air Force Base (KAFB). If you observe any behavior during your visit that you believe could pose a safety risk to yourself or others, report it immediately to your host. You may call (505) 844-0311 for any safety related questions or concerns.

Mobile Devices
Visitors are not permitted to bring any mobile devices into Sandia limited areas. This applies to personally owned or government issued mobile devices, including cell phones, tablets, smart watches and other devices that wirelessly transmit or receive information. If you have a mobile device, inform your host and make arrangements for proper storage prior to entering Sandia-controlled premises. Computing equipment such as laptops and media that are US government (non-Sandia) issued are permitted on Sandia-controlled premises, including Limited Areas, when coordinated with host.

Getting Around
If you require access to KAFB, be prepared to show DOE approved identification (i.e. DBIDE pass, HSIPD 12 credentials, visitor badge) at the entry gate. All base visitors may be subject to vehicle or personal possession searches. If you drive while on Sandia controlled premises or KAFB, observe all posted speed limits and traffic signs. Be aware of pedestrians and yield the right-of-way to any emergency vehicle with sirens or flashing lights. Use of a cell phone must be hands-free. For additional base information, including gate hours and potential delays, visit www.kirtland.af.mil.

Where to Eat
Sandia New Mexico offers four Fresh Seasons Cafes onsite, serving fresh, locally-sourced foods:
- Thunderbird Café (building 861)
- Area IV Café (building 960)
- Awake Café (building 898)
- DOE Café (building 386 KAFB)
Other options include Vickie's Snack Shop (building 880A) and on KAFB McDonald's, Subway and the Base Exchange (BX) food court.

Medical Services
If you become ill during your visit, notify your host. The onsite Sandia Medical Clinic can provide emergency medical care or recommend local medical care facility options. For a medical emergency, call the following numbers:
On KAFB: (505) 844-0911 | Off KAFB: 911

In Case of Emergency
In the event of an emergency, including a natural disaster, a security threat or other potential health hazard, follow all emergency instructions, including instructions from authorized Sandia or KAFB personnel. Stay with your host or with another Sandia employee. If you need to report an emergency, use the following numbers:
